The Iowa Supreme Court amends Iowa Rules of Electronic Procedure 16.314(4) and 16.315(1)(f) as provided with this order.

Rule 16.314(4) concerns return of service requirements after service of the original notice. The rule is amended to strike the requirement of actually filing the documents served with the original notice. Instead, the amended rule requires that the return of service merely identify the documents served with the original notice.

Rule 16.315(1)(f) is amended to correct internal rule references within the provision.

The amendments to Iowa Rules of Electronic Procedure 16.314(4) and 16.315(1)(f) as provided with this order are temporarily adopted, effective immediately. The amendments will permanently take effect April 17, 2017, subject to Legislative Council review consistent with the provisions of Iowa Code section 602.4202.

Dated this 15th day of February, 2017.
